JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 23 December 1960

25X1

2. [] Talked with Sam Crosby and indicated that in Mr. Saunders' absence I was calling on behalf of the Director in connection with a proposed meeting of the Subcommittee on 6 January 1961. The Director, in addition to discussing the termination pay plan and affording the Subcommittee a roundup of the world intelligence situation, would like to discuss several important operational situations involving the Agency. The Director had wanted this conveyed to the Chairman.

3. [] The IG advised that the Director had approved going ahead with the Dodd luncheon on 30 December. It was also reported the Director had no desire to see Ellender but that the Director would call Senator Church. It was also agreed that if possible we would attempt to interview both Senators Mickenlooper and Cooper with the Director meeting with them briefly, if at all possible. In particular, on Cooper, ONE has indicated the Board would like to meet with him.
